TOM CHARLES MERRYMAKERS

Coming Drama at Leader Hall. Father Waters Better-County Supervisors.

Manchester Bureau Times-Dispatch, No. 1102 Hull Street, No. 1102 Hull Street, The Common Council of Manchester last night set at defiance the constitution, by laying on the table indefinitely a resolution providing for an increase in the membership of that body, in accordance with the provisions of the constitution.

The resolution was drawn by City Attorney Page, and it was put upon its passage at the suggestion of Mr. Fer-

Mr. Sampson amended the motion by

passage at the suggestion of Mr. Fergusson.

Mr. Sampson amended the motion by suggesting that it be laid on the table indefinitely. This amendment was lost, and then Chairman Reames put the original question, which was upon the passage of the resolution.

In some unknown way the votes were switched around on the second vote, and it was lost, by the vote of 3 to 5.

The resolution was as follows:

AN ORDINANCE.

To prescribe the number of members of which each branch of the Council of the city of Manchester shall be composed, and to apportion such membership among the various wards of the city, as at present defined.

Whereas, by an act of the General Assembly of Virginia, approved May 2), 1933, it was made the duty of the Councils of the various cities of the State to prescribe by ordinance the number of members of which each branch of the councils of such cities shall be composed, and, in the year ninetten hundred and three, to apportion such membership among the various wards of such cities respectively, so as to give to each ward, as far as practicable, equal representation in each branch of said councils, in proportion to the population of such wards respectively; and,

Whereas, it is further prescribed by the said act that the Boards of Aldermen of the said councils shall consist of not less than eight (8) nor more than twenty-two (22) members, and that the Common Councils of the said councils (which body, in and by the charter of the city of Manchester, as amended, is designated the "City Assembly,"), shall consist of not less than fourteen (14). The secretical councils and noncreasing and my prescribed and prescribed and

eignated the "City Assembly,"), shall consist of not less than fourteen (14) nor more than forty (40) members; and, Whereas, the wards of the city of Manchester were arranged and prescribed upon a basis of equal population, as far as the same was practicable, by an ordinance adopted December 13, 1901, and, therefore, in order to effect such equal division or distribution of population, it is deemed unnecessary at this early date to make any change in the arrangement of such wards.

Now, therefore, be it ordained by the Council of the city of Manchester:

1. That, until otherwise provided by law, the Board of Aldermen of the Council of the city of Manchester shall consist of eight (8) members, of which two (2) members shall be elected from each ward, and the City Assembly shall consist of sixteen (16) members, of which four (4) shall be elected from each ward.

2. This ordinance shall take effect from the date of its approval.

At present the Common Council consists of twelve members, three from each ward, and the Board consists of eight.

According to the Constitution there must be at least fourteen members beginning January 1st, notwithstanding the action of Council last night.

The resolution will be presented at the meeting of the Board on Tuesday night.

LEE-JACKSON DAY TO BE CELEBRATED

Disputed Date of General Jackson's Birth Fixed so far as Lee Camp is Concerned.

January 19th is "Lee-Jackson Day" here-The determination to think the Cristopher bration of the birthdays of these great heroes of the war between the States was heached by R. E. Lee Camp, Confeder-

henched by R. E. Lee Camp, Confederate Veterans, last night.

The date of General Stonewall Jackson's birth has always been a matter of doubt, in the biography of him written by his wife, she says that the records were destroyed in some way and that the General, himself, was never able to settle the precise day of his birth, though he thought if was January 13st. The year, of course, is 1824. Sometime ago. Stonewall Camp, of Staunton, decided that leasmuch as the date of Jackson's birth was not oefinitely fixed, it could with perfect propriety be made January 19th, as any other day, with a very great argument favoring the 19th, in the fact that it was also Lee's, and a State holiday not only in Virginia, but a number of other Southern States. Lee Camp was asked by Stonewall Camp to take similar action. The matter was brought up in Lee Camp's regular meeting last night and a resolution adopted unanimously deciding upon making the two great martial leaders twins in date of birth, as well as twin heroes of the same gigantic struggle. Hereafter Jackson's name will be linked with Lee's in all of Lee Camp's celebrations of January 19th.
